

Jet Skis

We have a dedicated jet ski lake which is about 45 acres and filled with clean and clear water, with a nice smooth jetty for you to launch your jet skis from. Don't worry if you are a little unsure with your launching, there is always a member of staff on hand to help out. Directly on the lake you'll find the Jet Ski Centre, here you will find toilets and changing facilities, refreshments and a shop which is stocked with clothing, inflatables and equipment for sale.

A RYA PWC licence is required when bringing your own jet ski.
