For this activity you will need a small cup or mug with some water, as well as some tissue for blotting when washing your brush in between colours.

It is also a good idea to have some kitchen roll or a mat on the table to catch any paint that doesn't make it onto your coin bank!

Begin by carefully taking your paint pots, brush and bubble wrapped pottery out of your PLAY Takeaway pouch. Next, take your ceramic coin bank out of the bubble wrap pouch that keeps it safe.

From your paint pots, choose your first colour and get started! Take your time painting, and don't forget to give the brush a good wash in-between colours. Make sure you make your coin bank nice and colourful so you can display it at home for all of your family & friends to see your masterpiece!

The paints included in your pack are non-toxic, easily washable poster paints, and it shouldn't take long after painting for your coin bank to dry.

Why not send us a picture of your masterpiece and it might just be featured on PLAY Home, Saturday mornings at 9am streamed live on [awayresorts.co.uk.live](https://awayresorts.co.uk/live).

Thanks again for purchasing your PLAY Takeaway activity, and enjoy your stay with Away Resorts
